The Daily Market Report

New York Stocks

NEW YORK (UPI) — Stocks sold off moderately toward the close today after recovering most of their early losses during mid-session.

The overall result was a limited decline in the popular averages on the smallest volume of the week, snapping a string of four medium-sized gains.

Most autos and steels finished narrowly, aside from Chrysler and U.S. Steel which dipped at least a point, the latter on news it will keep its National Tube Division closed an extra week because of slack demand. Du Pont dipped a pair in the chemicals where Tihokol rose better than a point. Leading oil shares closed narrowly with few exceptions along with utilities and rails.

Owens-Illinois, up 1, was the only miscellaneous blue chip to more more than a fraction. Growth stocks bounced around erratically and few showed big changes at the close.

Police Hunt $1.3 Million in Stolen Stocks

NEW YORK (UPI)—More than $1,300,000 worth of stolen blue chip stocks were sought by police today. The hot securities will turn into tickets to jail for anyone who tries to cash them in.

Before authorities revealed they knew of the theft from the Wall Street brokerage firm of Bache & Co., two men allegedly tried to peddle some of the stocks and were caught.

The stock certificate numbers were on file today at brokerage houses throughout the U.S. and chances are slim that holders of the stocks could sell them.

The two men in custody—convicted bookmaker Isidore Gorlitsky, 41, and Alan Louis Fisher, 55—had less than $90,000 worth of the stolen securities.

A spokesman for Bache said that the certificates were negotiable before they were stolen but that as soon as the theft came to light the brokerage firm in effect stopped payment on them much in the manner of a check.

New certificates will replace the stolen ones.

Hawaiian Girl Named Miss USA At Miami Beach

MIAMI BEACH (UPI) — A sun bronzed "child of heaven" from Hawaii carries American standards against 51 foreign beauties tonight in the first round of judging for the Miss Universe title.

Shapely Macel Leilani Wilson, 19-year-old typist-receptionist from Honolulu, won the "Miss U. S. A." crown Thursday night from 15 other semi-finalists.

"I feel great," she told newsmen, choking back tears.

She said she had been to nervous to eat dinner before the judging but when she stepped onto the stage, she told herself: "If you're going to be a queen, you have to walk like a queen."

And she walked off with the title, worth $6,000 in prizes and a shot at the bigger crown Saturday night, by parading first in a full-skirted white evening gown and then in a pink swim suit that showed off a near-perfect 36-23½-35½ figure.

Her first thoughts after she won, she said, were on her boy friend, Michael Webber, a Navy electrician from Eau Claire, Wis., stationed at Honolulu, and her parents.

Besides Miss Hawaii, they were: Miss Connecticut, Diane Mary Zabicki of Middletown, first runnerup; Miss Tennessee, Gail White of Chattanooga, second runnerup; Miss California, Marilyn Ann Tindall of Hollywood, third runnerup, and Miss Nevada, Janet Hadland of Las Vegas, fourth runnerup.

LONDON (UPI) — Sir Winston Churchill, a blood clot in his broken left leg and a bronchial infection in his chest, is coughing less and his temperature has returned to normal, a medical bulletin said today.

"Sir Winston Churchill had a comfortable night," the bulletin issued by the Middlesex Hospital said. "His temperature is normal and his coughing less. It is not proposed to issue a further bulletin until Monday if all goes well."

thority to buy $100 million worth of the bonds and the Senate already has approved the request.

Administration backers now hope the two issues can be happily resolved in favor of the White House by the conference committee. It gets together next week to iron out differences in the House and Senate bills.

The House measure was far more satisfactory to the President than a recently passed Senate bill. As approved by the House, the program would be allowed $5.5 million more than the Senate approved in addition to the greater discretionary authority to aid Poland and Yugoslavia.

Administration lieutenants acknowledged that the actual money must still be voted by Congress later in a separate apropriation bill which will come up later.

Lettuce Shippers Ask Change in Billing Weights

LOS ANGELES (UPI)—Western Growers Association directors today planned to ask that freight billing weights for lettuce be converted to actual weight instead of the 47-pound weight ruling now in effect.

As of Feb. 21, 1962, all rail shipments of lettuce have been estimated at 47 pounds per crate in order to simplify weighing procedures. This has caused lengthy controversy in the industry.

About 56,000 carloads of lettuce are shipped annually by association members in Arizona and California.

Vancouver Island, which extends for 285 miles along the southwestern coast of Canada and is from 40 to 80 miles wide, is the largest island off the Pacific coast of North America.
