J. L. REDONDO.

For Probate Judge,

ABE FRANK.

For Surveyor,

For Justice of the Peace,

JOS. H. GODFREY.

For Constable,

JAMES JONES,
H. McPHAUL.

THIS is a regular Republican year in Yuma county.

THAT WAS a huge tumble when big Althee Modesti slid off the Democratic roof.

MANY a man longs and schemes for a pull when a little push would bring surer returns.

JOHN DOAN will represent Yuma county in the next legislative Assembly of Arizona.

JOHN B. WRIGHT will continue to diligently look after the legal affairs of Yuma county.

ARIZONA Republicans are in harmony and will present a solid phalanx to the enemy this fall.

HARRY CARPENTER has been tried and is a known quantity. It will be no experiment in sending him to the Council.

THE Democratic party in Yuma county may not be sore all over, but its bruised surface is by no means an insignificant affair.

THE Republicans kicked Attorney Brown out of the party two years age, and now the Democrats have issued him a burial permit for his political ambitions.

VOTE for John Spees for sheriff, and you will not only cast your ballot in the interest of yourself but in the interest of every taxpayer in Yuma county.

IF Greenleaf is wise he will at once begin the construction of a cyclone cellar. The political indicator predicts a Spees whirlwind on the 8th day of November.

To an unbiased mind it looks as if the Hon. M. J. Nugent is still a very important factor in Yuma county politics, on the Democratic side of the fence. The new "reform" leaders fell down.

YUMA county's next board of Supervisors, the most important branch of county government, will be Republican. Donald McIntyre and C. V. Meeden will see that the affairs of the county are economically administered for the two years following the first of January next.

VOTE for a competent man for county recorder. The office is one of vast importance to the people, and the incumbent should be a man of known clerical ability who will keep the records of the county correct. There is only one such a candidate in the field; his name is J. L. Redondo, whose former record as county recorder stands without a flaw.

EXPANSION.

The people of Arizona are rather generally in favor of the expansion policy and the retention of the Philippines by the United States. They go further than that. The newspapers are asking their delegate in congress to use every exertion toward getting the government to see if a strip of land bordering on Arizona cannot be purchased from Mexico. The territory wants her southern boundary line run due west from Nogales, which it was undoubtedly intended to do at the time of the Gadsden purchase from Mexico. The Phoenix *Herald* seems to voice the sentiment of Arizona when it says editorially:

"This matter should be pushed by our delegate to congress, and a commission sufficiently acquainted in Arizona be appointed to make an effort with the Mexican government to secure for Arizona this small tract of country practically useless to Sonora, but of much value to the territory of Arizona."

By acquiring this strip of land, Arizona would acquire the mouth of the Colorado river and a seaport in the Gulf of California. Such an acquisition would not only add shipping interests to Arizona, but fishing, oyster culture, canning and, by railroad communication from Yuma to the Gulf of California, would develop quite a trade with the west coast of Mexico. This would help Los Angeles, as the wholesale distributing point for Southern Arizona.—*L. A. Herald.*

WHEN the Republican ranks line up on the 8th day of next November Attorney Brown will wish he had never wondered from the straight and narrow path that leads to prosperity.

A standing army of 75,000 men is thought to be a great menace in free America, and yet little Chili can make only a mere show of liberty with a permanent fighting force of 100,000.

ONE of the Democratic sorrows at the coming session of Congress will be an increased surplus in the treasury. The people must be willing to stand it or they would not have elected a Republican administration.

CORK-SCREW politicians in Yuma county will be given a rest on the 8th day of November. Crookedness will sometimes win in a convention, but it will be different at the polls. The Australian ballot system does not recognize proxies.

IN China the other day the Emperor was arrested and finally deposed for the trivial offense of appearing on the streets of Pekin in pants. He would have been arrested and placed in jail had he appeared on the streets of Yuma without pants.

ONE result of the war with Spain will be to enhance the value of American citizenship in the eyes of the world. Hereafter the American flag and the American citizen will be respected abroad as they have never been before. Among all but the best educated and most traveled classes we have always had the reputation of being a nation of shopkeepers, shrewd, boastful, vulgar, but of little account outside of commercial transactions. They know better now.

THE "coffee heart" is the latest to be added to the classification of the functional derangements of that organ. The coffee heart is due to an over-indulgence in that beverage, just as the tobacco heart is credited to the use of tobacco, or the bicycle heart to extravagence in wheeling. A medical director of a life insurance company avers that over-indulgence in the use of coffee shortens the beat of the heart, and that excessive use of coffee will hereafter be regarded as risks in life insurance.

A balance has just been struck of the "conscience fund" in the treasury of the United States on the 30th of June last, showing that the total amount received and credited to it since it was opened, in 1811, was $297,452. These moneys are covered into the general treasury as a miscellaneous receipt, and may be used like other assets of the treasury for any purpose. Remittances come in almost weekly. Occasionally there are two or three cases a week, and, as a rule, the letters are not signed. Frequently they are forwarded by clergymen at the request of penitents.

THE war has furnished a new crop of names for babies and post-offices. Thus it will be seen that fortune stepped in at the right moment and supplied a want that needed attention.

THERE'S a pretty big sprinkling of good-looking girls all over this broad country who are not sorry to hear of the mustering out of the soldier boys. When the boys lay down their arms the girls will be ready to fold theirs.

AN applicant for divorce says she is the tenth wife of her recreant spouse. Before that defendant is released from court the judge should confidentially find out the real answer to that old conundrum, "Is marriage a failure?"

THE next dietetic fad, says the New York *Evening Post*, is going to be banana flour. Manufactures are experimenting in this direction, and promise soon a meal that will keep as long as wheat flour and make a much more nutritious bread. As already the craze for whole wheat flour is passing, this new albumen will undoubtedly meet a quick welcome when it comes. The use of the banana has developed its great value as an article of food, and the great army of banana consumers are prepared to accept eagerly its further development.

THE defeat of Mr. E. E. Ellinwood for the nomination for delegate to congress at the democratic convention at Prescott last week was a bitter disappointment to his many friends in northern Arizona. Mr. Ellinwood is universally popular in the Territory and he could have carried the full democratic vote. With Col. Wilson as the nominee the best the democrats can hope to do is to poll about one-half their vote for him. Every county in northern Arizona will give a majority for Col. Brodie.—*Coconino Sun.*

OCCULTISM announces that the girls can get rid of freckles. They are going to sit down, we are gravely told, and think them off. It is a new theory of faith, or Christian science, and no plasters or other appliances for purposes of reform through mutilation. Of course, the question arises whether girls are capable of thinking, and if so, what will be the subject of the ameliorative thought. We take a very radical view of the matter, however, and insist that the freckles shall stay. Nine pretty girls out of ten have freckles.
